Dear Parents/ Carers

RE: Y5 Bike Ability

We are pleased to let you know that our soon to be Year 5s have the opportunity to take part in their Bikeability training in October.

Bikeability is a national cycle training programme that teaches children the skills and confidence to ride safely on today's roads. Training is delivered by qualified instructors and is designed to help pupils become safer, more responsible cyclists.

Training Dates

- Group A: Friday 9th October 2026 (all day)
- Group B: Friday 16th October 2026 (all day)

To register your child and provide consent, please complete the online form using the link below as soon as possible:

<https://consent.bikeability.org.uk/raise-beg-mag>

We encourage all parents to complete the consent form promptly so that we can finalise the training groups. If you feel your child is less confident riding a bike or may benefit from extra practice, they will be placed in Group A where possible. This allows additional time to practise before the second training date if needed.

Further information about what your child will need to bring (including a roadworthy bicycle and a correctly fitting helmet) will be shared closer to the training dates. Further information can be found on the link above.

*Children must have their own bike to complete this training. Bikes will be safety checked before use.

Thank you for your continued support.

Kind regards,
Mrs Whittingham (Y5 Teacher)
