

Duckmanton Primary School – RSE Progression document

This document outlines statutory Relationships and Sex Education (RSE) and Health Education outlined by the Department for Education (DfE) is taught within RSHE in taught lessons across each year and unit. This supports the progression of skills document which identifies how knowledge is revisited and extended in each year group

SMSC Links: Every lesson from Early Years to Year 6 offers opportunities for children’s **spiritual, moral, social and cultural (SMSC) development**, and this is clearly mapped and balanced across each year group. Structured opportunities are embedded in every lesson to practise **and enhance the five skills associated with the emotional literacy (self-awareness, social skills, empathy, motivation and managing feelings)**. We believe that these opportunities are vital for children’s development, their understanding of themselves and others and in increasing their capacity to learn.

British Values: **British Values** of Democracy, Rule of Law, Individual Liberty, Mutual Respect and Tolerance of those of different faiths and beliefs are supported in teaching across all units and year groups.
